

## Location

The airfield is at Kingston Deverill, 7 miles south of Warminster, just north of Mere, close to the Wiltshire / Dorset border.

### Directions - See maps below

From the north take the A350 southwards from Warminster and turn right at Longbridge Deverill onto the B3095. Kingston Deverill is 3 miles.

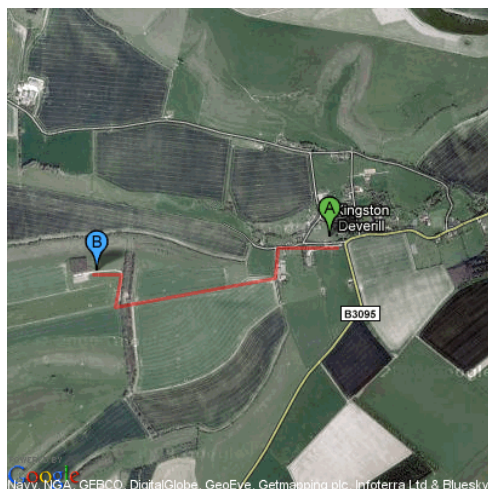

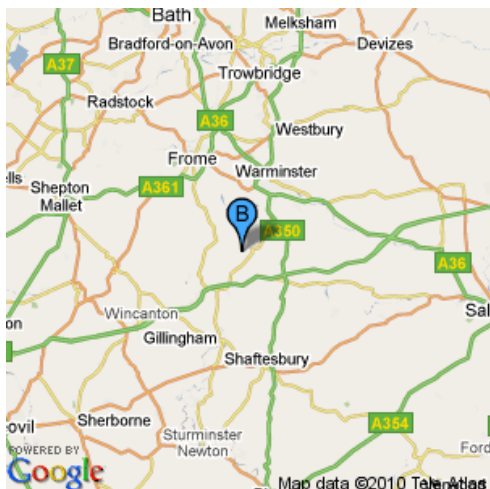

From the south or east take the A350 northwards from where it crosses the A303, after 1 mile it is signposted left to The Deverills. At the bottom of the hill turn left to Kingston Deverill.

From the southwest turn onto the B3095 at Mere. Kingston Deverill is 3 miles.

The route to the airfield is signposted along the lane next to Kingston Deverill church.

Please obey the 15 mph speed limit through the village, and the 10 mph limit on the airfield.

On arrival at the airfield follow the track to the hangar.

### When do we fly?

Trial lessons and instructional flights are available every weekend and bank holidays, excluding Christmas day.

### Safety advice on the airfield

- Keep a good lookout for gliders and other aircraft taking off and landing. Remember gliders are silent and the tug will be trailing a long rope.
- Keep well clear of the cables running from the winch to the glider. They will drop from the glider at the top of the launch.
- Never stand in front of a glider about to launch.
- If you are not sure of anything ask a club member.
- If you do not know how to get to the launch control caravan, which can be in any corner of the airfield ask for directions.
- Have a good flight!

### Day members. Why not consider full membership?

If you enjoyed your trial lesson or feel gliding is for you why not join as a full flying member. You will be made most welcome. Training is organised under the supervision of the British Gliding Association. The club is a non profit making company with all the proceeds going towards improving the club facilities. The flying and training is run on a self help basis with the club members giving their time for free. This keeps the costs to a minimum - so flying may not be as costly as you first thought!

Our flight vouchers include a 30 day trial membership. During this period you can enjoy further flights at club member rates. See overleaf for details.

New members who join part way through the membership year only pay a pro-rata subscription. Please ask for details.

At least 14 years of age

Bath Wilts & N Dorset gliding club

The Park, Kingston Deverill, Warminster

## Gliding at The Park

### Trial flights

Take a trial lesson in a two seater glider with a qualified instructor.

Experience gliding and soaring from a tow to either 2 or 4 thousand feet behind a powered aircraft.

Enjoy the views and take the opportunity to learn how to handle the controls of the glider.

No prebooking required.

### Learn To Fly And Soar

Free tuition is given to club members by BGA qualified instructors

◆ Launching is by our high performance Skylaunch winch or aerotow behind the powerful Piper Pawnee towplane. (Vouchers available only for aerotow)

◆ 4 two seater gliders + a Venture motor glider are available for tuition.
