

BATH, WILTS AND NORTH DORSET GLIDING CLUB
The Park, Kingston Deverill, Warminster, Wilts, BA12 7HF

One-Day Courses - General Information

About the Course

The course is designed for people who have an interest in gliding and want the best opportunity to experience gliding and to learn some of the basic principles of flying. The day will be devoted to your flying needs, giving you some basic information and instructional flying in our two seater gliders. You will handle the aircraft in the air and start the learning process of how to use the elements around you; putting into practice some of the basic information you will have been given. Whilst others are flying you will become part of the essential ground team helping others to fly. The course will typically consist of three aerotows or six winch launches (or a combination of these). The launch method may be subject to alteration due to the needs of the clubs operation or student requirements. Start time is 9-00AM. Our friendly club members will encourage you to participate in all the activities and help you with any questions you might have.

Cost

£180 Includes 30 days club membership plus a glider pilot logbook.

Membership

Acceptance of membership is subject to satisfactory completion of a club membership form (please advise us when booking if you have any relevant health problems).

The attendance on the one-day course entitles you to 30 days temporary full club membership immediately following the course. During that period, you can fly and receive instruction as a club member, subject to normal club flying days & rates.

Weight and Age Restriction

To fly you must be over 7 Stone (98lbs or 44.5kg) under 16 Stone (224lbs or 101.5kg) but please telephone if you are over 15 stone as we will need to match you with an instructor of the appropriate weight.

Participants must be at least 14 years old.

Payment and Refund Policy

Payment in full is required to book a place on the course; this is non-returnable except in the case of inclement weather. Every effort will be made to fly you on the day. In the advent of adverse weather causing us to cancel the day you will be given the opportunity of

a) A place on another course

Or

b) A complete refund or (in the case where some flying has been completed)

c) The surplus monies to be placed into the persons flying account. This would be on a pro rata basis with the first flight of the course being calculated at £75 and subsequent course flights at club rates. The balance of the flying account can then be redeemed by taking further flights during the period of trial membership.
